ORDERING TIPS

- Please order with the **Height (H)** dimension first and the **Width (W)** dimension second
- Filters should always be installed with the baffles running in the Vertical (top to bottom) position

Visit us online at
the NEW & improved
www.dmiparts.com
 and see how simple it
 is to search for parts
 and place orders 24/7

- **LENGTHENS OIL LIFE** - Clarifies, brightens & freshens shortening more effectively than competitive products.
- **IMPROVES FOOD QUALITY** - Less oil absorbed into food.
- **SPECIAL INGREDIENT** - FRI-MOR™ filter powder (in the pad) chemically alters the oil to remove impurities.
- **CONVENIENT** - Compact 30-day packaging. Easy to store and easy to monitor frequency of shortening filtration.
- **SAVES MONEY** - Less add-back in fryers reduces excessive top-off with the more expensive oil.

See page 36 for
Vito® and Plain
Paper Filters.
